ALWAYS leave all windows open when not in use!

THE OUTLAW FULL ENCLOSURE BLIND - PARTS LIST -

Part #	Description	Qty
UP15- 0193	Roof Frame Bars	2
UP15- 0194	Roof support Bars	3
UP15-0195	Roof Support Posts	4
UP15-0196	Canopy	1
UP77-0021	(A) 1/4" x 1 3/4" Hex Bolt	14
UP77-0034	(B) 5/16"x 1" Wing Bolt	4
UP77-0001	1/4" Nylock Nuts	14

ASSEMBLY INSTRUCTIONS

STEP 1. Secure the roof support bars onto the roof frame bars using (2) 1/4" x 1 3/4" hex bolts (A) and (2) nylock nuts per roof support bar as shown in (fig 1). Repeat this step for the two remaining roof support bars. **NOTE:** The roof support bars are installed on the underside of the roof frame bars.

STEP 2. Install the roof support posts onto the roof frame bars as shown in (fig 1) using (2) 1/4" X 1 3/4" hex bolts and (2) nylock nuts per roof support posts. Repeat this step for the three remaining roof support posts. With the canopy frame assembled gently slide it into the rail support tubes as shown in (fig 1). Secure with (4) 5/16" x 1" wing bolts (B).

INSTALLATION INSTRUCTIONS

STEP 1. Tape all corners and bolted joints on the roof assembly so that all sharp edges and bolts are covered to prevent ripping of enclosure fabric.

These steps require two adults for safe installation of canopy.

NOTE: There are windows on the sides of the canopy and a window and vertical zipper for easy access on the front of the canopy.

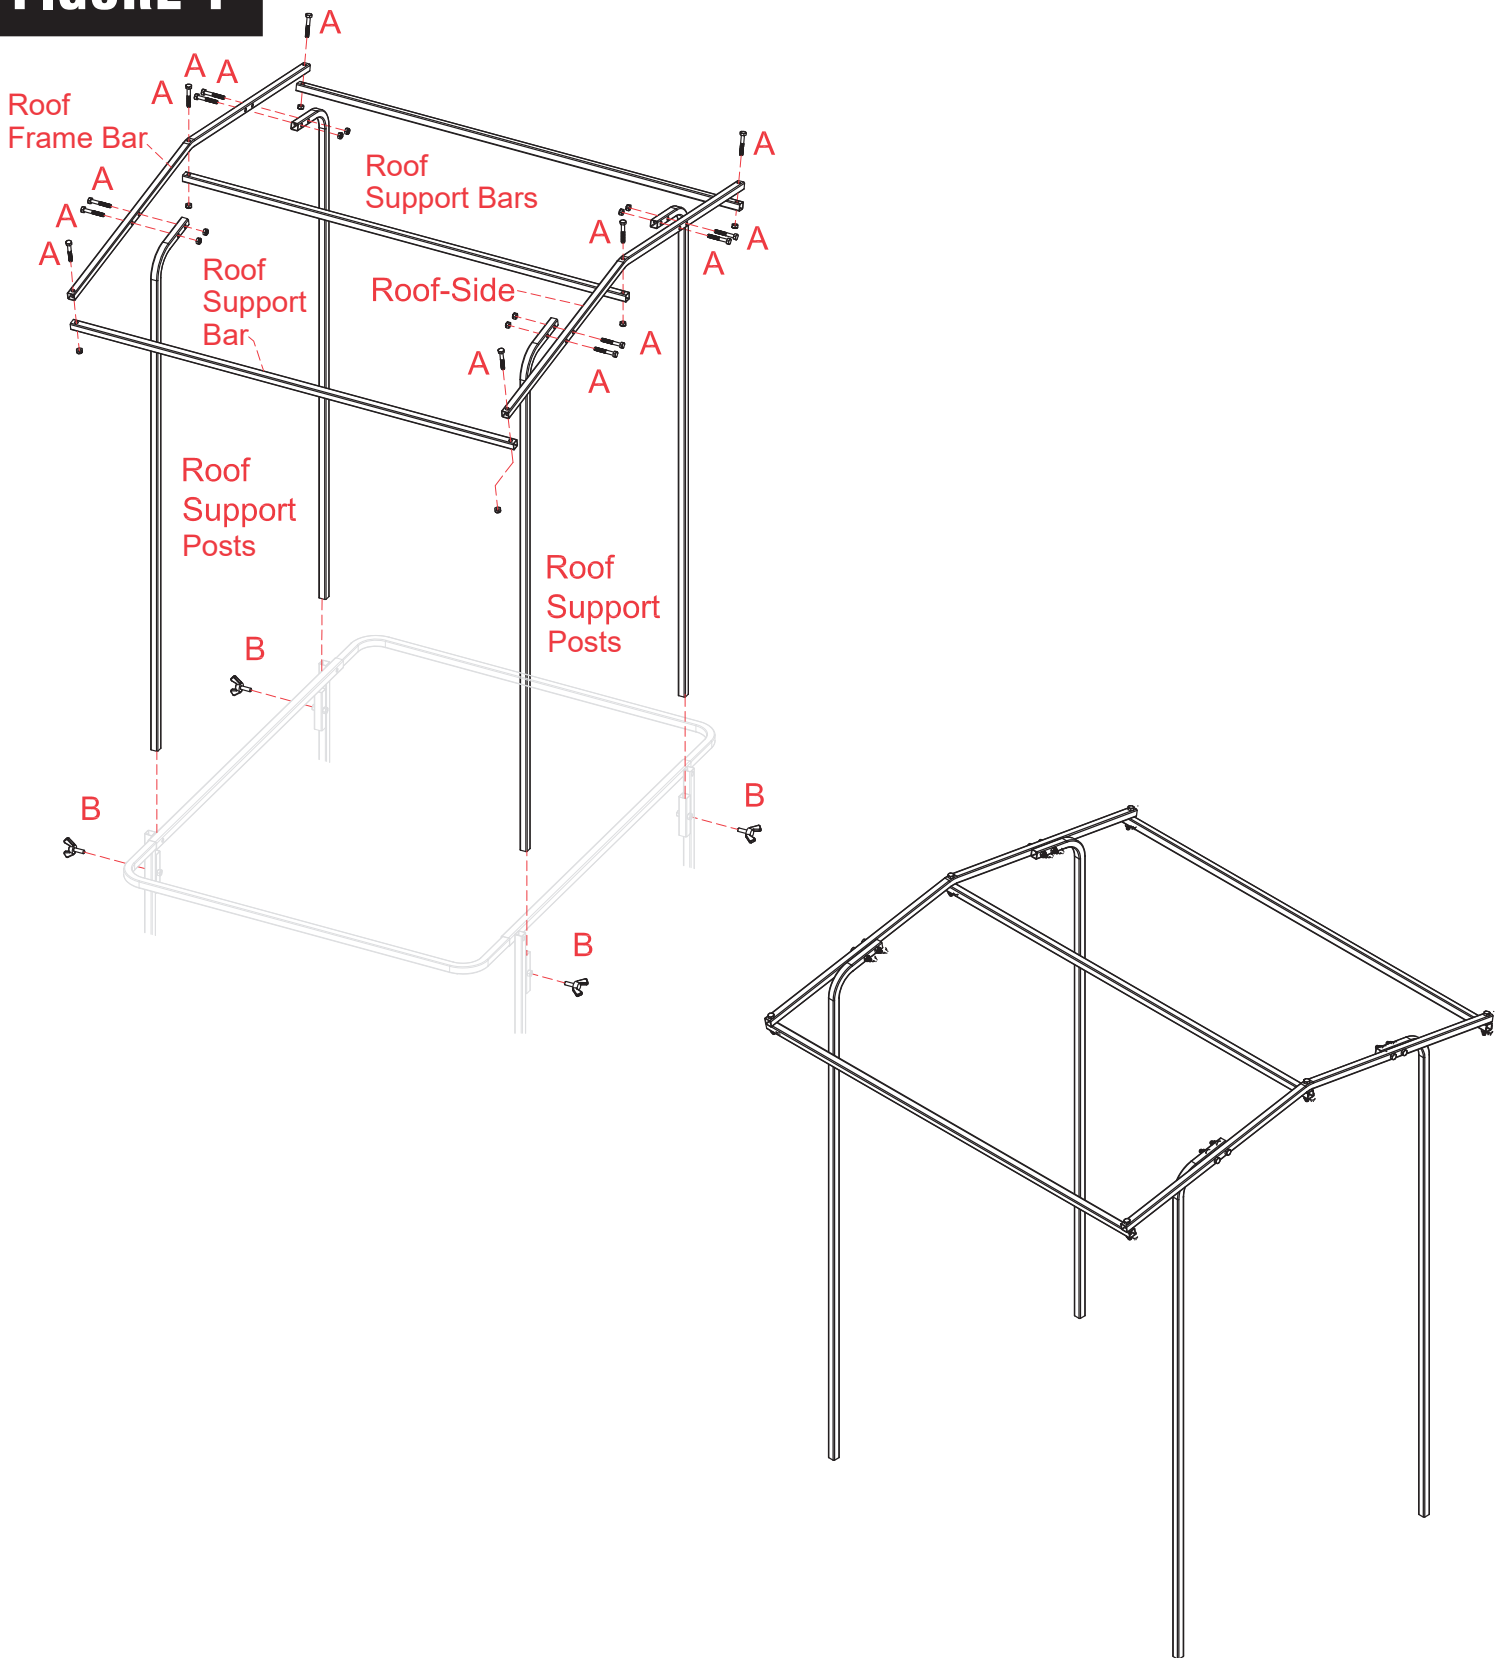

STEP 2. While standing on the foot platform lower the previously installed canopy frame by loosening the wing bolts and allowing the canopy frame to slide downward. Retighten the wing bolts. With the help of another adult, slide the canvas canopy over the assembled frame. Assure the zippered door is facing the ladder side of the enclosure.

STEP 3. Gently work the canopy down and over the frame and down the sides of the frame. Make certain the canopy is squarely installed on the frame. Next tighten the wing bolts and secure the bottom of the canopy to the foot platform.
